

I highly recommend the following equipment from Carolina Biological Company, www.carolina.com, for use with *Pond Scum and Agnes Pflumm*.

SCIENCE CONTENT AREAS:

LITERACY, INQUIRY, PROCESS SKILLS, INTEGRATION, LIFE SCIENCE, FRESH WATER MICRO- AND MACRO-BIOLOGY, ENVIRONMENTAL SCIENCE, INTEGRATION

Pond Water Investigations

- ClearOne FlexCam iCam
- Wolfe Introductory Student Microscopes
- Carolina Deep Well Slides
- Plastic Dropping Pipets
- All Living Protozoa and Algae Cultures
- Algae Is Not Just Pond Scum! Kit
- The Biology of Lakes, Ponds, and Wetlands (video series)
- Aquatic Macroinvertebrate Life Cycle and Habitat Flash Cards
- "Culturing Algae" (manual)
- Carolina Protzoa and Invertebrates Manual
- Carolina Minipond Ecosystem
- Carolina Design-A-Bug Stamp Set
- Amphibian Starter Habitat

Watersheds, Water Quality, and Water Pollution

- CAROLINA Ecobox
- Earth Force Elementary Education Watershed Field Trip
- Aquatic Macroinvertebrate Life Cycle and Habitat Flash Card
- Macro Mania Adventure Kit
- Lamotte Pond Water Tour Kit
- GEMS Environmental Detectives Kit
